

“PRP”

Clinic offers the “non-surgical” Platelet-Rich-Plasma (PRP) therapy.

“Minimally invasive treatment that is capable of halting hair loss and stimulating the regrowth of hair. PRP contains a high concentration of platelets, which is the component of your blood that is rich in growth factors,” says Renato Griscti.

Blood drawn from the patient is prepared and then injected back into their scalp to the affected areas.

Conducted by certified physician. Consultation is required.

Can be done within a lunch break, no downtime.

For information, contact:

DermaTec Med Aesthetic Clinic on 2166 2200

“LIP FLIP”

Skin care specialist introduces “Lip Flip” treatment.

“Enhancement of the lip area by using a Fibroblast plasma device. Results are seen immediately and effect lasts up to three years. Fuller lip that lasts longer,” says Karen Shaw, who will be at the Make-Up Festival.

Session takes an hour to complete. Healing is usually up to five days with application of particular cream required.

Suitable to reduce smoker lines. Consultation is recommended.

Salon is located in Msida.
